

ALL-ON-4[®]

SURGICAL PROTOCOL CLINICAL COURSE

MALO CLINIC
REHABILITATION
PROTOCOL
FOR EDENTULISM

Presented by

Armando Lopes, DDS, MSc, PhD,
Ana Ferro, DDS
and the MALO CLINIC Clinical
Team

COURSE OVERVIEW

- Re-thinking oral rehabilitation
- Patient selection and treatment planning
- Comprehensive Overview of the All-on-4 Surgical Protocol
- High Skilled All-on-4 Standard Cases – Best Approaches
- Implant Designs & Selection – Best Options for Each Case Type
- How to Manage Clinical Complications
- The esthetic possibilities of the All-on-4® surgical protocol – Prosthetic Rehabilitation
- Implant Maintenance
- Live All-on-4® protocol surgeries in the maxilla and/or mandible
- Live Placement of Immediate prosthesis

PARTICIPANTS

Professionals experienced in implant dentistry

AVAILABLE DATES

MARCH 21-22, 2024 | SEPTEMBER 26-27, 2024

PROGRAM DURATION & COURSE FEE

2 Days | 2.250 Euros

ECTS/CERTIFICATION

University Diploma: 2,5 ECTS

UCAM – Universidad Católica San Antonio de Murcia

SYNOPSIS

The All-on-4® protocol is an innovative surgical procedure for the rehabilitation of edentulous jaws focusing entirely on the patient.

By taking advantage of the dense bone available in the anterior maxilla and between the mandibular foramina, this widely applicable surgical technique allows for the treatment of a significantly greater number of patients, while avoiding the need for complex, time consuming and often debilitating bone grafting procedures.

During 2 days, the MALO CLINIC clinical team will show you how the patient will have immediate function and excellent esthetics with a limited number of implants.

This course will teach you the skills and know-how to treat edentulous patients using the All-on-4® surgical protocol following the MALO CLINIC Rehabilitation Protocol, from patient selection to treatment planning, all the way through to the fitting of the prosthesis so you can offer immediate function to your patients.

Giving you a comprehensive overview of the All-on-4® Protocol, this course focus specially on how to solve clinical complications, which implants are best to each case type and mastering of the standard approach when it comes to highly skilled cases that are not illegible for the hybrid and extra-maxilla approaches

This will give you the tools to improve your understanding of the technique with advantages to you and your patients.

BASIC COURSE OUTLINE

LECTURERS: Armando Lopes, DDS, MSc, PhD, Ana Ferro, DDS and the MALO CLINIC Clinical Team

PRE-COURSE

It is mandatory for you to watch the online course for all the theoretical concepts.
Bring your questions to the clinical team!

DAY 1

| | |
|---------------|--|
| 08:50 – 09:00 | Welcome Desk / Introduction |
| 09:00 – 10:30 | Clinical Case Presentation LIVE SURGERY* Discussions, Questions & Answers |
| 10:30 – 10:45 | Coffee break |
| 10:45 – 12:15 | Clinical Case Presentation LIVE SURGERY* Discussions, Questions & Answers |
| 14:00 – 15:30 | All-on-4 Standard Hands-on Session |
| 15:30 – 15:45 | Coffee break |
| 15:45 – 17:00 | Discussion about Clinical Cases and Complications |
| 17:00 – 17:15 | Functional and Esthetic considerations: fitting of the Immediate Prosthesis (Live) |

DAY 2

| | |
|---------------|--|
| 08:50 – 09:00 | Welcome Desk / Introduction |
| 09:00 – 10:30 | Clinical Case Presentation LIVE SURGERY* Discussions, Questions & Answers |
| 10:30 – 10:45 | Coffee break |
| 10:45 – 12:15 | Clinical Case Presentation LIVE SURGERY* Discussions, Questions & Answers |
| 14:00 – 16:00 | Prosthesis Hands-on Session |
| 16:00 – 16:15 | Coffee break |
| 16:15 – 17:00 | Discussion about Clinical Cases and Complications |
| 17:00 – 17:15 | Functional and Esthetic considerations: fitting of the Immediate Prosthesis (Live) |
