

# ALL-ON-4® CLINICAL RESIDENCY

FOLLOW OUR  
DAILY WORK  
AND SURGICAL  
SCHEDULE

Presented by

Armando Lopes, DDS, MSc, PhD,  
Ana Ferro, DDS  
and the MALO CLINIC Clinical  
Team

**Education**  
MALOCLINIC

## COURSE OVERVIEW

- All day live surgery and live rehabilitation with fixed prosthesis
- Access to different treatments performed at the clinic

### PARTICIPANTS

Professionals experienced in implant dentistry

### DATE

MAY 02-03, 2024 | OCTOBER 10-11, 2024

### PROGRAM DURATION & COURSE FEE

2 Days | 6.150 Euros

### ECTS/CERTIFICATION

University Diploma: 2,5 ECTS

UCAM – Universidad Católica San Antonio de Murcia

We give special conditions to participants who have already attended other MALO CLINIC Education trainings, and Nobel Biocare costumers might benefit from special registration conditions, please contact us for more information or your Nobel Biocare local sales representative.

## SYNOPSIS

The All-on-4® concept is one of the breakthroughs in Implant Dentistry, allowing the rehabilitation of the majority of edentulous arches without the need of bone grafting. Created at MALO CLINIC, the All-on-4® concept it is backed up by more than 20 years of clinical research with excellent long-term results.<sup>1,2</sup>

The secret for that success has been the constant evolution of the protocols that receive great attention from our side. Today, the All-on-4® concept is up to date with the digital revolution in Implant Dentistry, allowing to upgrade surgical and prosthodontic protocols following a full digital workflow.

Our Clinical Residencies are typically for much smaller groups of participants with a lot more focus on the daily work of the clinic rather than on lectures and pure training programs. The participant can observe surgeries or other treatments, or follow the surgical procedures via CCTV. The program may include the MALO CLINIC Protocol (All-on-4® surgical protocol + MALO CLINIC Bridge), immediate function single and partial, and fixed prosthodontics, as well as other procedures of the various specialties of dentistry.

1. Maló P, de Araujo Nobre M, Lopes A, Ferro A, Botto J. The All-on-4 treatment-concept for the rehabilitation of the completely edentulous mandible: A longitudinal study with 10 to 18 years of follow-up. Clin Implant Dent Relat Res 2019 Mar 28. doi: 10.1111/cid.12769. [Epub ahead of print]

2. Maló P, de Araujo Nobre M, Lopes A, Ferro A, Nunes M. The All-on-4 concept for full-arch rehabilitation of the edentulous maxillae: A longitudinal study with 5-13 years of follow-up. Clin Implant Dent Relat Res 2019 Mar 28. doi: 10.1111/cid.12771. [Epub ahead of print]

### BASIC COURSE OUTLINE

LECTURERS: Armando Lopes, DDS, MSc, PhD, Ana Ferro, DDS and the MALO CLINIC Clinical Team

#### PRE-COURSE

It is mandatory for you to watch the online course for all the theoretical concepts.  
Bring your questions to the clinical team!

#### Mornings:

Clinical case presentation
